

MEELUP SYSTEMS
CREATE, MAKE, EXCEL

**End-to-End Manufacturing Solution
to Scale Your Operation**

Delivering Complex Industrial Solutions for Global Innovators

Your Global Manufacturing Partner

Meelup Systems was founded 16 years ago with a clear mission: to be the leading trusted global contract manufacturer for industrial electro-mechanical equipment.

From prototyping through to mass production – we will take care of the most ambitious growth plans to successfully scale your business.

Quality Assurance

We emphasize continuous improvement, robust QA systems and a safe, efficient production environment – ideal for export-grade manufacturing.

Meelup Systems are certified in accordance with ISO 9001:2015 standards to ensure excellence in quality management.

International Quality and Cost Efficiency

Our international design and manufacturing philosophy blends world-class engineering practices with cost efficiency. Based in Chennai, India our advanced facility is equipped with modern technology and a highly skilled workforce to ensure that we deliver the standards expected by clients across the globe.

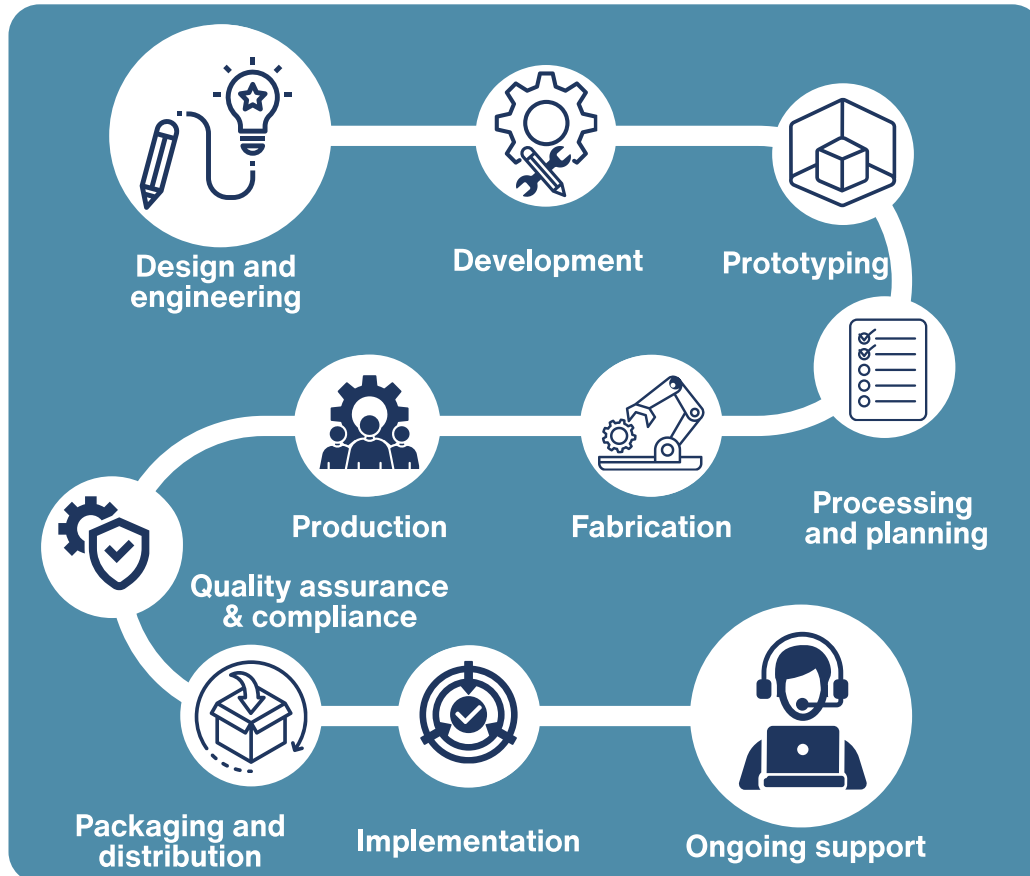

Reliability and Collaboration

At Meelup we are more than a supplier – we are your manufacturing extension. We customize our services to your needs starting from crafting contracts in globally recognized jurisdictions to tailoring our manufacturing process to precisely fit your requirements. Together, let's transform your innovations into world-class, market-ready solutions.

End-to-End Manufacturing Solution to Scale Your Operation

What We Do

Quality & IP Protection

At Meelup Systems quality isn't just a requirement – it's our culture. We deliver precision-engineered products that meet the exact standards of international markets, backed by robust quality systems and process discipline.

We protect your intellectual property with the same rigor we apply to manufacturing. All contracts are signed in international jurisdictions ensuring confidentiality, security and peace of mind for our global partners.

Our Quality Commitment

- ISO 9001:2015 certified QMS
- Compliance with ASME, EN, and client-specified codes
- Full adherence to global safety and environmental standards
- Dedicated QA team overseeing every stage of production
- Ability to tailor to your required standards (Europe, North America, Asia etc).
